ISOCert News

An overview of the news related to ISO Certifications and other relevant standards and certifications throughout the globe, as well as the latest news development in the system certifications industry and related markets.

QDegrees Services Private Limited received ISO 9001:2015 and ISO/IEC 27001:2022 Certifications

QDegrees Services Private Limited has completed the Surveillance 01 audit and received a favourable recommendation for the continuation of their IAS-accredited ISO 9001:2015 Certification for Quality Management System (QMS) and ISO/IEC 27001:2022 Certification for Information Security, Cybersecurity and Privacy Protection – Information Security Management System (ISMS).

PT PAGUNTAKA CAHAYA NUSANTARA received ISO 37001:2016 Certification

PT PAGUNTAKA CAHAYA NUSANTARA has completed the recertification audit IAS-accredited ISO 37001:2016 Certification for Anti-Bribery Management System (ABMS). ISO 37001:2016 is a globally recognized standard designed to support the implementation of an effective Anti-Bribery Management System (ABMS). It helps organizations prevent, identify, and respond to bribery by providing a structured framework for developing policies, procedures, and internal controls that mitigate bribery-related risks.

BaffleSol Technologies Private Limited ISO/IEC 27001:2022 Certification for Information Security

BaffleSol Technologies Private Limited completed the re-certification audit for ISO/IEC 27001:2022 Certification for Information Security, Cybersecurity and Privacy Protection – Information Security Management System (ISMS).

The scope of the management system includes Agile Consulting and Training, Web Development, ERP Implementation and Support, Bespoke Product Development, Digital Marketing, Virtual CTO.

Moreover, BaffleSol Technologies Private Limited can also apply for ISO/IEC 27701:2019 Certification for Privacy Information Management System (PIMS) and ISO/IEC 42001:2023 Certification to safeguard the clients' and customers' personal and confidential information. ISO/IEC 27001 is globally known as an Information Security, Cybersecurity and Privacy Protection – Information Security Management System (ISMS). It outlines the requirements for establishing, implementing, maintaining, and continuously improving an organization's approach to information security. The standard emphasizes key principles such as confidentiality, integrity, and availability, helping organizations to protect sensitive data and achieve their information security objectives.

Weena Central Ltd. received ISO 9001:2015 Certification for Quality Management System (QMS)

Weena Central Ltd. completed the initial audit for IAS-accredited ISO 9001:2015 Certification for Quality Management System (QMS).

The scope of the management system includes Provision of Services for the procurement, supply, maintenance, Installation and Repair Services of heavy equipment, including project management services for the planning, coordination, and execution of related projects.

Hartron Communications Limited Earns ISO 9001:2015 and ISO/IEC 27001:2013 Certifications for Quality and Information Security Excellence

Hartron Communications Limited has added another feather to its cap by successfully achieving ISO 9001:2015 and ISO/IEC 27001:2013 certifications. The certifications were awarded after the successful completion of the initial audit conducted by an IAS-accredited certification body. These globally recognized standards validate the organization's dedication to maintaining high-quality services and safeguarding sensitive data.

IHS HOLDING LIMITED received ISO 37001:2016 Certification

IHS HOLDING LIMITED completed the initial audit for IAS-accredited ISO 37001:2016 Certification for Anti-Bribery Management System (ABMS).

ISO 37001:2016 is a globally recognized standard outlining requirements for a robust Anti-Bribery Management System (ABMS). The standard assists organizations in preventing, identifying, and responding to bribery. It offers a structured approach to develop policies, processes, and controls that mitigate bribery risks throughout their operations.

PRANAGRAF MATERIALS & TECHNOLOGIES PRIVATE LIMITED achieved ISO 9001:2015 Certification

PRANAGRAF MATERIALS & TECHNOLOGIES PRIVATE LIMITED completed the Surveillance-01 audit for IAS-accredited ISO 9001:2015 Certification for Quality Management System (QMS). The primary objectives of ISO 9001 are to create and maintain an effective quality management system (QMS) while improving overall organizational operations. This standard is crucial as it ensures efficiency, quality, and customer satisfaction. Additionally, it establishes policies, procedures, documented processes, and records to optimize various business operations.

Revolt Motors Earns ISO 9001:2015 Certification for Quality Excellence

Revolt Motors has proudly secured the ISO 9001:2015 certification, a globally respected recognition for its strong and reliable Quality Management System (QMS). This prestigious certification, granted by one of the top international testing and certification bodies, highlights Revolt’s unwavering dedication to delivering consistent quality, improving operational processes, and enhancing customer satisfaction at every level of its business. ISO 9001:2015 is the most widely recognized standard for quality management across the world. It is awarded only to companies that meet strict international standards in various areas such as product design, manufacturing, supply chain management, and customer support. By achieving this certification, Revolt Motors has proven its ability to meet these high benchmarks, showcasing its commitment to excellence in every aspect of its operations. This achievement places Revolt Motors among the leading electric vehicle manufacturers that follow internationally recognized quality standards. It reflects the brand’s focus on continuous improvement, innovation, and delivering value to its customers. With ISO 9001:2015 certification, Revolt strengthens its reputation as a trusted name in the EV industry, setting new benchmarks in quality and customer trust.

TWC IT Solutions Achieves Triple ISO Certification, Boosting Security and Service Standards for UK Businesses

TWC IT Solutions, a well-established name in IT, communications, and cybersecurity services based in London, has proudly announced that it has earned three globally respected ISO certifications. These include ISO 9001:2015 for Quality Management System, ISO 27001:2022 for Information Security Management System, and ISO 14001:2015 for Environmental Management System.

This major accomplishment highlights TWC IT Solutions' strong commitment to delivering quality service, ensuring robust data security, and promoting environmentally responsible practices across its international operations. The triple ISO certification is a clear signal to clients that the company is serious about maintaining enterprise-level standards in every area of its business. These certifications validate the company's ability to provide top-tier infrastructure and support solutions through its IT, communications, and software development partnerships, particularly for businesses operating on a global scale.

ARTELIA AIRPORTS
Certified for ISO 9001:2015 & ISO 45001:2018

ARTELIA AIRPORTS received ISO 9001:2015 and ISO 45001:2018 Certifications

The scope of the management system includes the Design and Supervision of International Airport Projects: Project Management, Building Engineering and Architecture, Project Management Support, Consulting and Expertise, Construction Supervision, With Relation to Airport Planning, New or Existing Buildings, Special Airport Systems, Air Navigation and Airport Infrastructure.

ARTELIA AIRPORTS can apply for ISO 14001:2015 Certification for an Environmental Management System (EMS) to adopt eco-friendly practices to attain sustainable growth. The organization can also apply for ISO 41001:2018 Certification for a Facility Management Management System (FMS) to adopt effective facility practices.

OTT Logistics India Pvt. Ltd. Receives ISO 9001:2015 Certification

OTT Logistics India Pvt. Ltd. has completed the Surveillance 01 audit and received a favourable recommendation for the continuation of its IOAS-accredited ISO 9001:2015 Certification for its Quality Management System (QMS).

The scope of the management system includes Services for Import, Export, Warehousing and Transportation. ISO 9001 empowers companies to meet customer expectations and regulatory demands. The standard also places a strong emphasis on risk management, process optimisation, and continual improvement to enhance efficiency and customer satisfaction.

SimpleCRM
SIMPLE YET POWERFUL

SimpleWorks Solutions Pvt. Ltd. Achieves ISO/IEC 27001:2022 Certification for Information Security Excellence

SimpleWorks Solutions Pvt. Ltd. has completed the Surveillance 02 audit and received a favourable recommendation for the continuation of IOAS-accredited ISO/IEC 27001:2022 Certification for Information Security, Cybersecurity and Privacy Protection – Information Security Management System (ISMS). This certification, accredited by a globally recognized body, underscores the company's dedication to securing its digital environment and client data. The certification process involved a rigorous initial audit of SimpleWorks Solutions Pvt. Ltd.'s Information Security Management System (ISMS). The scope of this certification covers the Processes, Services, and Activities involved in Product and Project Management, Network and IT Infrastructure, Resources, and Assets.

Bandhu Traders Achieves ISO 9001:2015 Certification for Quality Excellence in Bridge Rehabilitation Projects

Bandhu Traders has completed the Surveillance 01 audit and received a favourable recommendation for the continuation of IOAS-accredited ISO 9001:2015 Certification for Quality Management System (QMS).

Paras Laminates Pvt. Ltd. received ISO 9001:2015 Certification

Paras Laminates Pvt. Ltd has completed the recertification audit for IOAS-accredited ISO 9001:2015 certification to reaffirm its dedication to maintaining a robust Quality Management System (QMS).

The management system's scope covers the Manufacturing & Supply of Industrial & Decorative Laminated Sheets of Paper, Fabric & Glass Fabric.

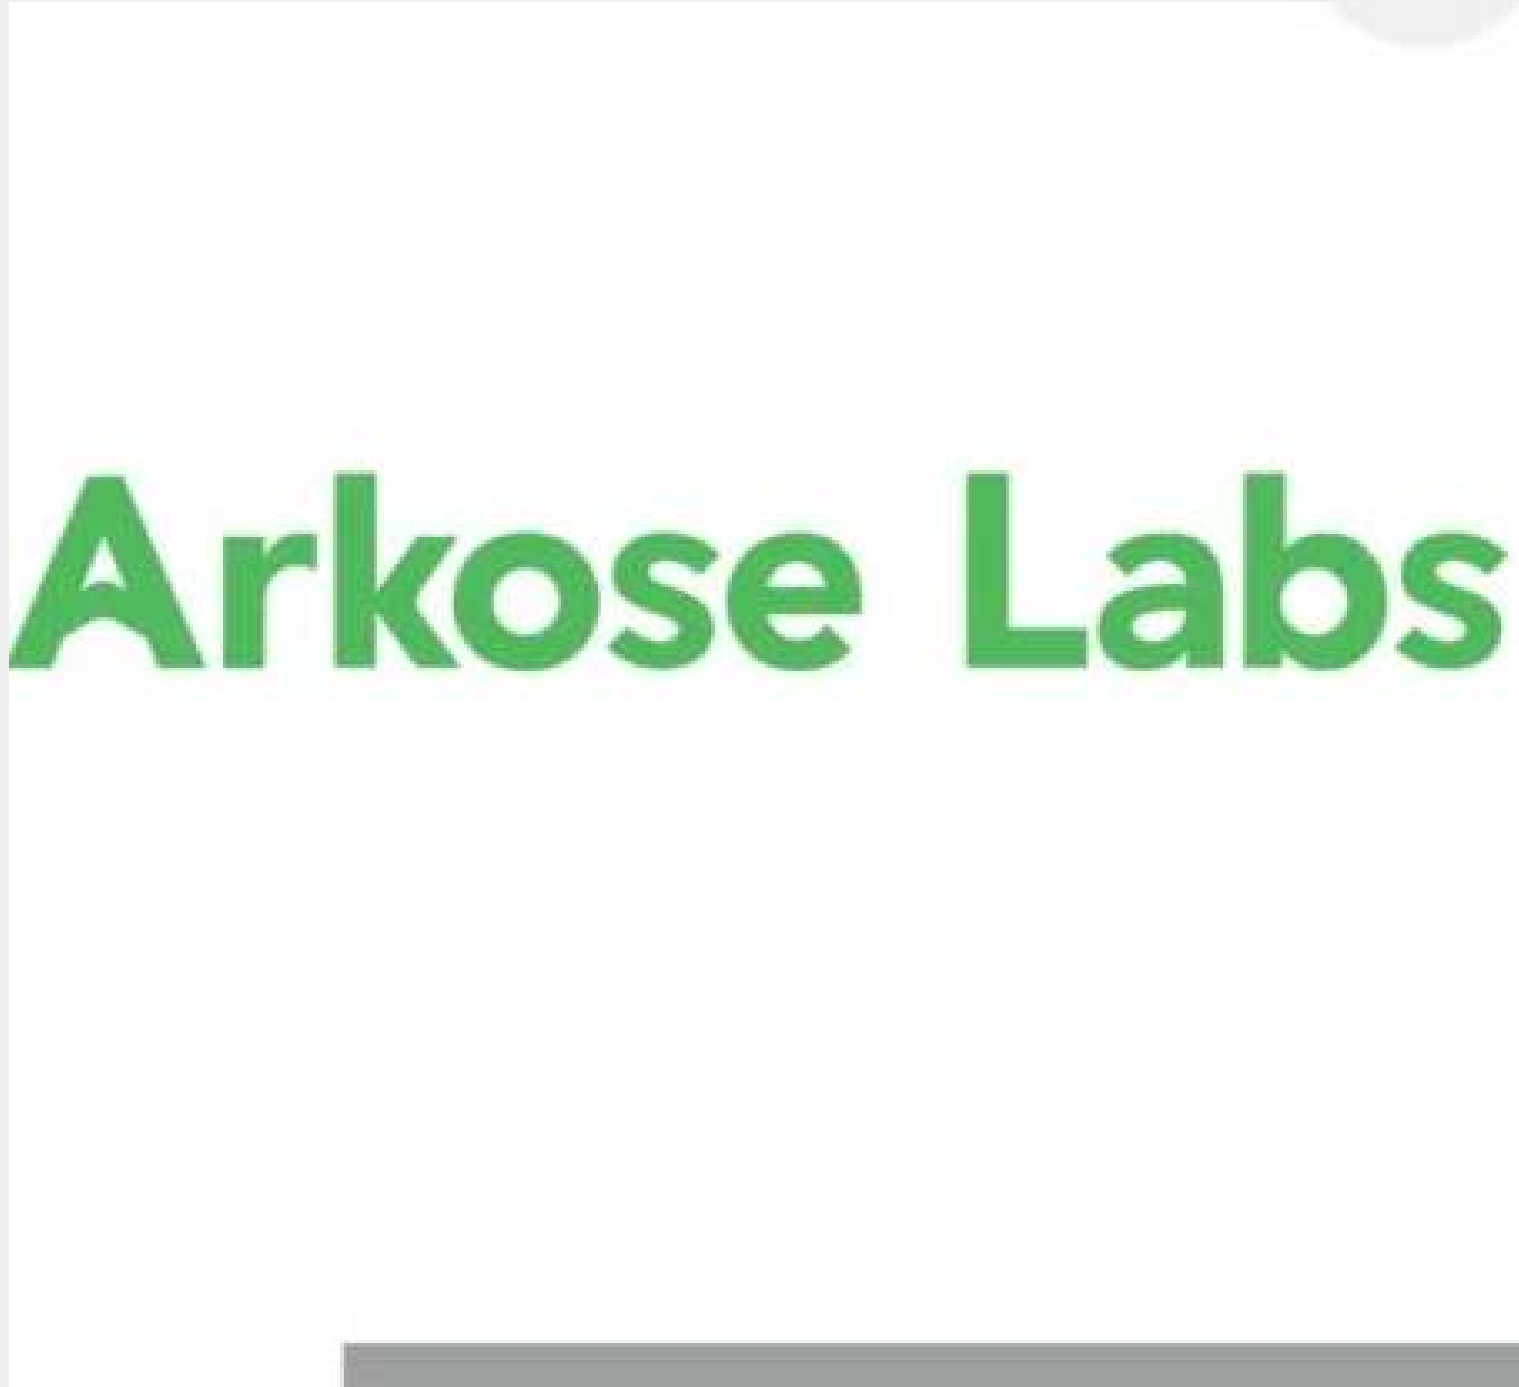

Apart from this, Paras Laminates Pvt. Ltd. can apply for ISO 14001:2015 Certification for Environmental Management System (EMS) and ISO 50001:2018 Certification for Energy Management System (EnMS) to ensure the use of safe and efficient energy resources. ISO 9001:2015 is an international benchmark that guides companies in building systems focused on customer satisfaction, continual improvement, and risk-based thinking. It validates the processes organisations have put in place to maintain quality across all stages of production, from sourcing raw materials to final dispatch.

The logo for Bharat Rasayan Limited features the word "BRAS" in a large, bold, black serif font. Below it, the word "CHEMICALS" is written in a smaller, green, sans-serif font, with each letter of "CHEMICALS" contained within its own white rectangular box. The entire logo is set against a white background, which is itself centered within a larger light gray rectangular area. A thick gray horizontal bar is positioned at the bottom of this light gray area.

CHEMICALS

Bharat Rasayan Limited received Good Manufacturing Practices (GMP) Compliance

Bharat Rasayan Limited has completed the Surveillance – I audit and has received a favourable recommendation for the continuation of its GMP (Good Manufacturing Practices). The scope of the management system includes the Manufacture and Supply of Agrochemicals & Intermediates. Apart from this, Bharat Rasayan Limited can also apply for ISO 14001:2015 Certification for Environmental Management System (EMS) and ISO 41001:2018 Certification for Facility Management – Management System to provide a smooth facility system. Good Manufacturing Practices (GMP) guarantees that products are manufactured and monitored consistently in line with established quality standards. It is especially vital in high-stakes industries like pharmaceuticals, food, and cosmetics, where safety and compliance are non-negotiable. GMP guidelines span the entire production cycle, from sourcing raw materials to maintaining equipment. GMP compliance helps Bharat Rasayan Limited meet national and international regulatory standards, reduce legal risks and ensure smoother market entry. It also opens doors to global markets by demonstrating the organisation's compliance with recognised quality and safety practices.

Arkose Labs Marks Fourth Year of ISO Certifications; Successfully Upgrades to ISO 27001:2022 Standard

Arkose Labs, a global leader in account security and fraud prevention, proudly announces the renewal of its ISO certifications for the fourth year in a row—further proving its strong commitment to global security, data privacy, and regulatory compliance. The company has also completed its transition to the most recent ISO 27001:2022 standard, showcasing its forward-thinking approach to evolving cybersecurity practices.

After undergoing an in-depth audit conducted by Intertek, a leading independent certification body, Arkose Labs has successfully maintained its compliance with multiple key ISO standards:

ISO 27001:2022 – Demonstrates advanced capabilities in identifying, managing, and reducing information security risks while enhancing overall cybersecurity resilience.

ISO 27002:2022 – Focuses on implementing robust, up-to-date security controls to stay ahead of today’s dynamic threat landscape.

ISO 27018:2019 – Ensures strict protection of personal data stored and processed in cloud environments.

ISO 27701:2019 – Supports global data privacy regulations by strengthening privacy information management systems (PIMS).
